EUROREPAR

Products for Workshop Hygiene

NEW RANGE

PRODUCTS KEY POINT

- → ***Rationalized range of products for washing and drying, specially adapted to professional cleanliness in mechanics.***
- → ***Made of natural and recyclable products.***
- → ***Good value for money.***

Products for Workshop hygiene encourage any repairer **to work in the best conditions**:

- They **ensure clean operations**, avoiding dirt for trim parts, and vehicle surface to be protected (plastic parts, seat's coating…).
- They avoiding clothe and skin dir**guarantee individual's cleanliness** t during working time.

DID YOU KNOW ?

The paper density, or paper strength is the surface mass in g/m².
The lower the density, the stretch the paper, the higher the density, the stronger the paper. For hand drying, you need to find the best compromise between drying and keep skin integrity.

PRODUCTS

Products for Workshop Hygiene integrate the EUROREPAR range for Professional Products :

The new EUROREPAR range is made of **3 references** :

- 1 4,5L plastic tank with microbeads skin cleansing cream,
