Wing mirror caps

BODYWORK / COLLISION

Latest update: 2025/04/04

PRODUCT ADVANTAGES

- Quality parts that guarantee easy, accurate assembly.
- Compliant with our product experts' technical requirements.
- Good price positioning in relation to the market offering.
- Maintenance of original vehicle aesthetics

With more than 60 products, the range of wing mirror caps covers passenger and commercial vehicles from these brands: Citroën, Fiat, Lancia, Opel, Peugeot. The range is designed to meet the needs of an ageing vehicle fleet and a market where keeping expenditure under control is a major customer expectation. It also meets the economic criteria required by insurance companies. This offering completes the Bodywork range.

Wing mirror caps, in addition to their aesthetic function, protect the rear-view mirrors and their electrical equipment (temperature sensor, mirror engine, etc.) by protecting them from road debris and objects thrown up, as well as water infiltration.

The choice of a quality cap is therefore essential to guarantee the proper functioning of the rear-view mirrors.

FEATURES

- The Eurorepar offer for wing mirror capsis mainly aimed at oldervehicles (those no longer produced and more than five years old such as the Peugeot 208, Opel Corsa, Citroën C4, Fiat 500, etc.).
- Our mirror caps are made with high-quality materials that guarantee durability and weather resistance over time.
- Their quality guarantees the proper functioning of the rear-view mirrors, which is essential for a smooth and safe drive.
- Designed to easily fit the rear-view mirror, they can be mounted quickly and easily, ensuring seamless integration with the rear-view mirror.
- Our products are subjected to numerous tests to guarantee you the highest quality, appearance and safety.

REPLACEMENT CONDITIONS

It is recommended to change wing mirror caps:

- If they undergo an impact with cracks or breaks.
- To maintain your vehicle's aesthetics.

DON'T FORGET!

When changing your wing mirror caps, remember to check the condition of the entire unit (mirror, bracket, etc.).
