1/10 TYRE DISPLAY

GARAGE EQUIPEMENT/FURNITURE

Product advantages

- Supplied to the garage in kit form, the display stand is very easy to assemble using the instructions
- The materials used make this a robust piece of equipment
- Easy to handle, thanks to its weight, dimensions, and four pivoting castors.
- Sturdy furniture, made in France.

The tyre rack is the storage option dedicated to EUROREPAR Reliance tyres.

It can be used as a promotional display stand for the garage entrance area, and a storage rack within the workshop.

Additionally, a single-tyre rack is available, specifically designed for display at the garage entrance to attract customer attention.

THE 10 TYRE DISPLAY

It comprises two support frames, each of which can house five tyres with a maximum width of 215 mm.

Each support is equipped with a transverse anti-theft bar locking the tyres on the support, a padlock, and a vertical rod ensuring both frames are simultaneously locked

The rack is formed of:

- Two rectangular 40 x 20 mm tube uprights.
- One rectangular 40 x 20 mm tube hoop fitted on the two uprights, with a black Forex panel 3-mm thick, printed on both sides.
- Two round 32-mm diameter tube tyre supports secured to the uprights with a screw + locknut.
- Epoxy paint coating.

The dimensions, weight, and four pivoting black nylon castors (two with a brake) make it is very easy to manipulate:

- Width: 1220 mm, depth: 660 mm, height: 1810 mm, weight: 27 kg.
- Width of the 5-tyre support: 1075 mm.
