Water pump

11/2021

PRODUCT ADVANTAGES

- → ***Designed for use in both very cold and hot countries,***
- → ***Easy assembly: delivered along with their gaskets and assembly instructions,***
- → ***Compatible with original timing fascias or accessories (noise, no maintenance, can be assembled).***

With **250 product references,** the Eurorepar range of water pumps covers the **majority of your workshop entries and** meets the expectations of clients looking for the right **price/quality/performance ratio**.

Eurorepar pays **great attention to parts** which may present a safety risk. Tests are approved by engineers from the STELLANTIS Group.

PLEASE NOTE

Our water pumps complement our existing ranges: **Timing belt sets and Accessory kits**

ADDITIONAL SALES

Eurorepar offers a complete range**: Accessory belt, Timing belt**

TECHNICAL CHARACTERISTICS

- **Our Eurorepar water pumps are designed** for **optimum performance** by limiting hydraulic and volume losses.
- It has been **designed to create the coolant flow and pressure needed by the engine**.
- The **anti-noise system** is adapted to each vehicle
- Eurorepar pumps are **tested for 100% airtightness**

CONDITIONS FOR REPLACEMENT

- As soon as **noises or leaks occur**, there may be many potential causes:
  - Internal bearing wear and tear (noise),
  - Bearing airtightness deterioration (noise, coolant leaks),
- Dynamic seal polluted by **expired or dirty coolant** (leak or poor maintenance),
- **Not following the assembly instructions** (assembly of a new belt),
- **Improper use of sealant** which is unsuitable for assembly,
- **Replacement of timing belt***, accessories or kit, (* as part of the belt replacement schedule (vehicle maintenance operation)

When replacing the water pump, use new and suitable coolant to ensure our water pump works properly.

Our parts are guaranteed for 2 years*

SECURE LABELS
Avoids any risk to fake parts and guarantees their quality.

Our parts are guaranteed 2 years* against any manufacturing or material defect**.
(*) For Peugeot, Citroën, DS, Opel, Vauxhall, Eurorepar Car Service repair networks: the warranty runs for 2 years, parts AND labour included.
(**) For the conditions of application, contact your dealer.

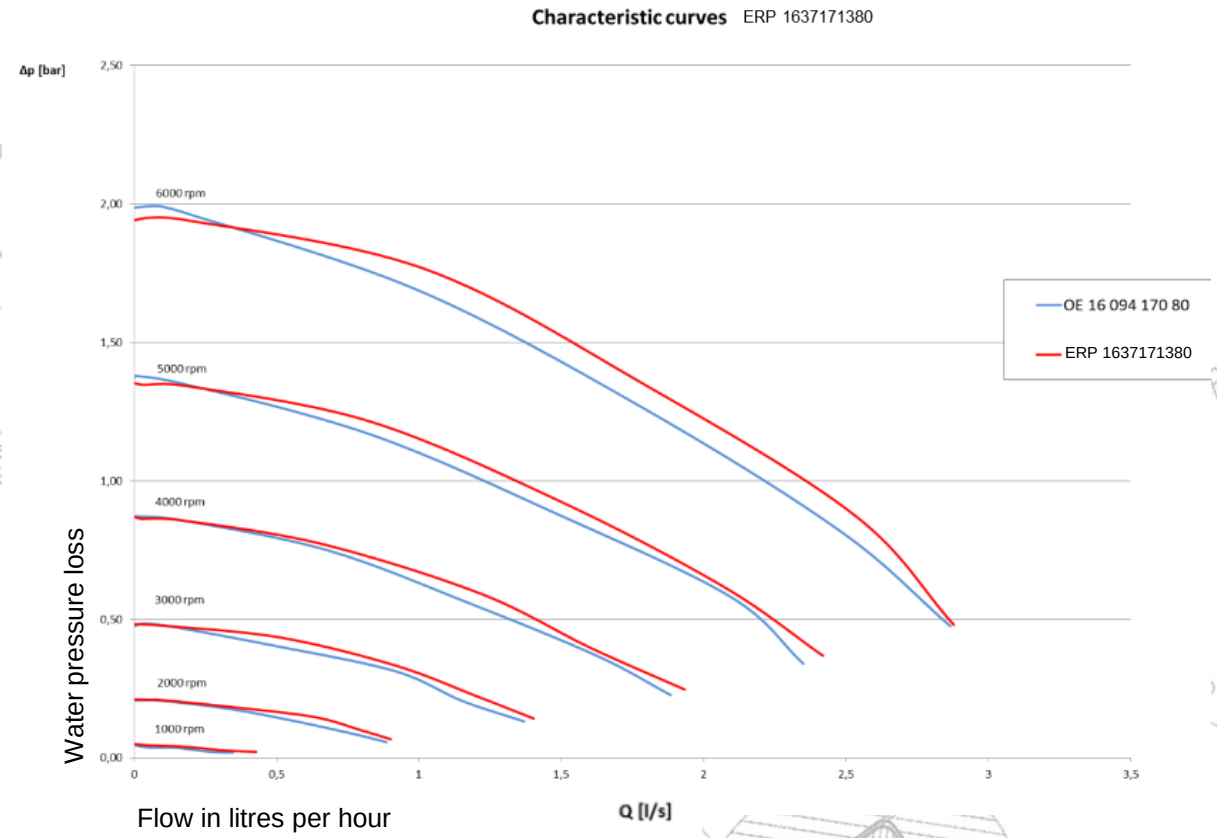

TESTS:

The tests carried out on these parts by the supplier are **approved by the engineering division of the Stellantis Group.**

CHARACTERISTICS:

Pressure drop depending on flow, which varies based on the rotation speed, and thus on the engine RPM.

Water pump curve for engine rotation speed (RPM)

Flow in litres per hour
