COMMERCIAL INTEREST

The seat covers give a used vehicle a new look for resale

With a range of **80 references** covering more than **80% of the vehicles on the road in Europe,** the Eurorepar range of tailor-made seat covers has been developed to offer you the best **possible satisfaction**.

The clear commercial offer is easy to sell with one single reference per application (read the details before ordering)

DID YOU KNOW?

The products are available in the Eurorepar multi-brand accessories catalogue accessible via Service Box and the OI portal.

CONTENT OF THE KIT

The seat covers are made from:

- a main woven fabric.
- a secondary mesh fabric.
- a foam **4 mm thick**.
- straps and hooks.

TECHNICAL CHARACTERISTICS

Each reference contains:

- a set of front and rear seat covers as well as headrest covers for passenger vehicles.
- a set of front seat covers as well as headrest covers for light commercial vehicles.

CONDITIONS FOR REPLACEMENT

To refurbish original seats which are worn, dirty or damaged, it is necessary to cover them using seat covers.

MARKET CONTEXT

To be suggested systematically:

- to customers who do not have seat covers,
- to customers whose seats are worn, dirty or damaged,

COMPLEMENTARY RANGE

For vehicles not covered by the range of tailor-made seat covers, we also provide a range of universal seat covers.
This range of universal seat covers has different characteristics.
The pentagon below illustrates the differences between these two product ranges.
