BUMPER GRILLES

BODYWORK / COLLISION

Last Update: 2025/01/23

PRODUCT ADVANTAGES

- The safety parts are compliant with EU specifications and subject to Stellantis-approved tests.
- Compliant with the technical requirements of our product experts.
- Good price positioning on the market
- Preserves the vehicle's original appearance

With over 100 products, the range covering passenger cars and commercial vehicles from brands including: Citroën, Fiat, Lancia, Vauxhall and Peugeot, the Eurorepar bumper grilles range is designed to meet the needs of an ageing fleet, with increasing average mileage, and to complement the recently launched Bumper range.

In addition to its aesthetic role, the bumper grille helps to protect mechanical components by protecting the cooling system from external aggression. It also ensures that the engine cools quickly and efficiently.

DON'T FORGET!

When replacing the bumper grille, remember to check the condition of other parts such as fastenings, bumper, the radiator and the headlights, sensors, etc.).

CARACTERISTICS

- The Eurorepar Front Bumper Grilles range is aimed primarily at **older vehicles** (models out of production and over 5 years such as the Peugeot 208, the Opel Corsa, the Citroën C4, the Fiat 500, etc.).
- Our products **undergo extensive testing** to ensure we provide you with a high standard of quality and safety and a stylish appearance.
- They ensure that the assembly matches that of the original part in every respect.

CONDITIONS FOR REPLACEMENT

We recommend replacing your bumper Grille:

- In the event of a collision.
- To preserve the appearance of your vehicle.

REGULATIONS

The bumper grille is a **safety feature.** Our partners are required to provide evidence to guarantee that there have been no safety risks during our products' engineering and manufacturing phases.
