EUROREPAR

FRONT FENDERS

BODYWORK / COLLISION

Last Update: 2024/04/10

PRODUCT ADVANTAGES

- Quality parts for easy and precise assembly.
- Compliant with the technical requirements of our product experts.
- Good price positioning on the market
- Meets the economic criteria required by insurers.

With over 60 products, the range covering passenger cars and commercial vehicles from brands including: Citroën, Fiat, Lancia, Vauxhall and Peugeot.

The Eurorepar range of front fenders is designed to meet the needs of a market where cost control is a key customer expectation. It helps to maintain the fleet of older vehicles by controlling repair costs, and also meets the economic criteria required by insurance companies.

This range complements the recently launched Bumpers and Bumper Grilles range.

In addition to their aesthetic function, the front fenders contribute to the vehicle's aerodynamic performance and also play an important role in protecting mechanical components (suspension systems, engine, ...) from road debris and other external aggression.

CARACTERISTICS

- The Eurorepar Front Fenders range is aimed primarily at **older vehicles** (models out of production and over 5 years such as the Peugeot 208, the Opel Corsa, the Citroën C4, the Fiat 500, etc.).
- Designed to fit perfectly, our front fenders offer a precise fit, ensuring harmonious integration with the rest of the bodywork.
- Made from high-quality materials to guarantee good resistance to impact and corrosion.
- Our products undergo extensive testing to guarantee the highest levels of quality, appearance and safety.

CONDITIONS FOR REPLACEMENT

We recommend replacing your front fenders :

- In the event of a collision.
- To preserve the appearance of your vehicle.

DON'T FORGET!

When replacing the front fender, remember to check the condition of other parts such as fastenings, bumper, radiator, headlights, sensors, ...).
